

2023 MN Age Group State Championships

FACILITY INFORMATION

Spectators:

- Spectators are allowed.
- We encourage other family members to use our FREE live stream brought to you by Rochester Swimming Inc. You can access that at <https://www.youtube.com/RochesterSwimmingInc>
- Spectators must remain in the upper bleachers or in the gym. No congregating in other areas of the building, the lobby, or in the walkways. The rest of the building is off limits due to paid admission events in other areas. Athletes cannot go in the spectator stands. NO STADIUM SEATS ARE ALLOWED.
- There is NO standing at the railings to take pictures or videos once the swim meet has started.
- Camping is allowed in the grassy areas outside the pool/gym area for team tents, etc.
- There are breaks between the sessions. This is used to alleviate parking and building space. All spectators are asked to leave after the session is over. Items cannot be left to hold spots for finals!

Gym:

- Elsmore Aquatics, Meet Tshirts, Photography, and Concessions will be in the gym for sales.
- Limited tables and chairs will be set up in the gym for eating. We also recommend bringing your own chairs. Chairs must be taken down and taken with you after each session. Athletes cannot camp in the gym, they must keep their items in the pool area with their team.
- We will have the projector showing the meet live in the gym throughout the weekend to spread the spectators out.

Parking & Entry to the Meet: PLEASE READ!

- All spectators, athletes, coaches, & officials MUST enter through **DOOR 6** regardless of where you park at the Rec Center. Building opening times are posted.
- Do not drop off or pick up your athlete right by door 6, this was not designed for this and it creates accidents and backups.
- You must park in a designated, legal parking spot or you will be towed.
- No parking on the grass, curbs or in fire lanes.

Our workers are all volunteers, please be kind!

Please help us to make this is fun experience for all the wonderful athletes & coaches!
