She has always enjoyed swimming any event that included the butterfly stroke but an injury to her shoulder early on made her switch her focus to distance freestyle events, specifically the 500 freestyle. During her time as a Barracuda swimmer, she qualified to go to zones in the 500 free. Kimberly also swam in high school for the Bloomington Jefferson Jaguars but decided not to swim in college and focus on her academics. She graduated from Concordia St. Paul with a Bachelor of Business degree in both Accounting and Finance and obtained her Master's degree from Bethel University.

When Kimberly isn't at the pool coaching and cheering on her kids you will most likely find her sitting behind a computer, crunching numbers and auditing procedures. She has worked for Portico Benefit Services as an auditor since 2019 and loves every minute of it. In her free time, she loves to travel with her family.
